

Indiana 211 Partnership Inc.

HOUSING NEEDS MARCH 6, 2020 - MAY 21, 2020

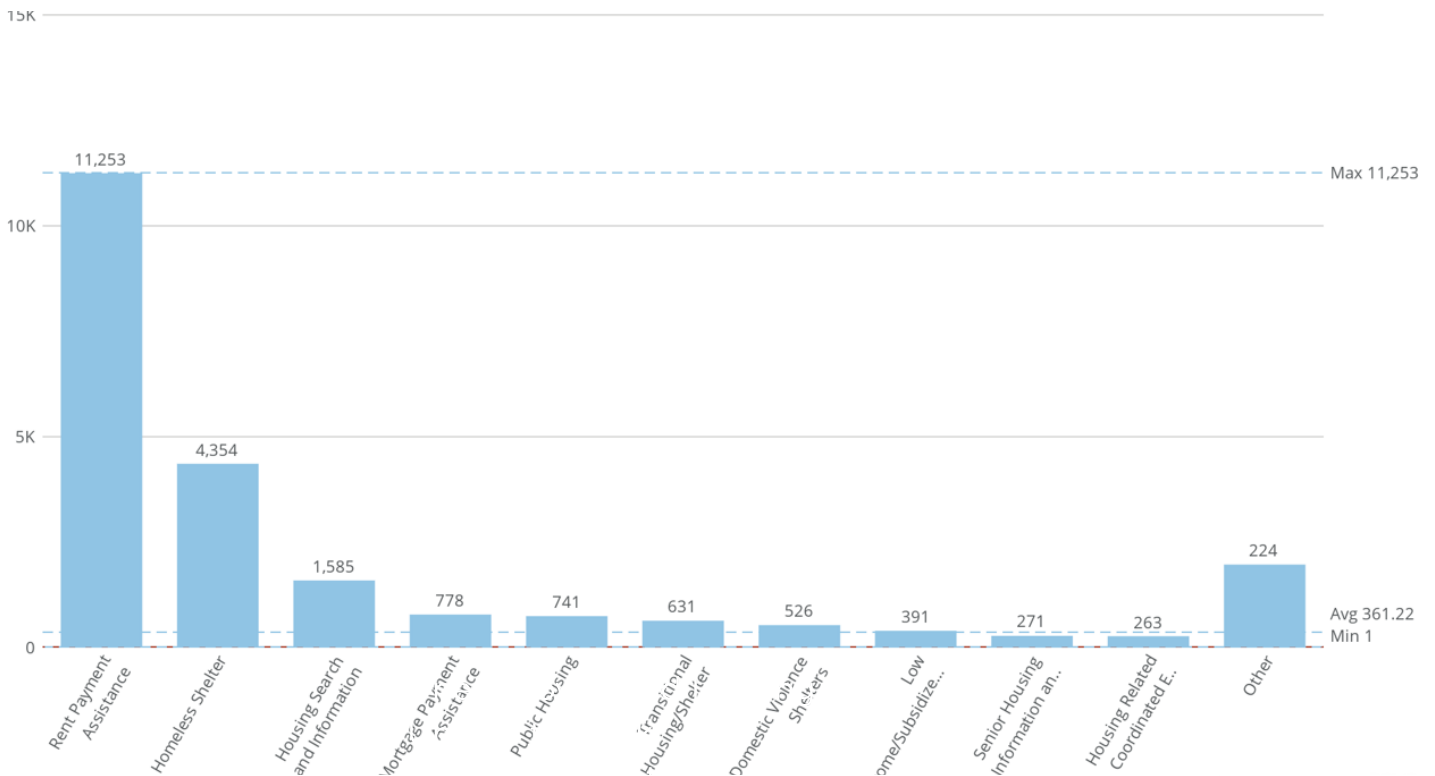

22,354 Hoosiers contacted 211 seeking housing services. Week by week analysis indicates the need is up **22.21%** since the declared public health emergency.

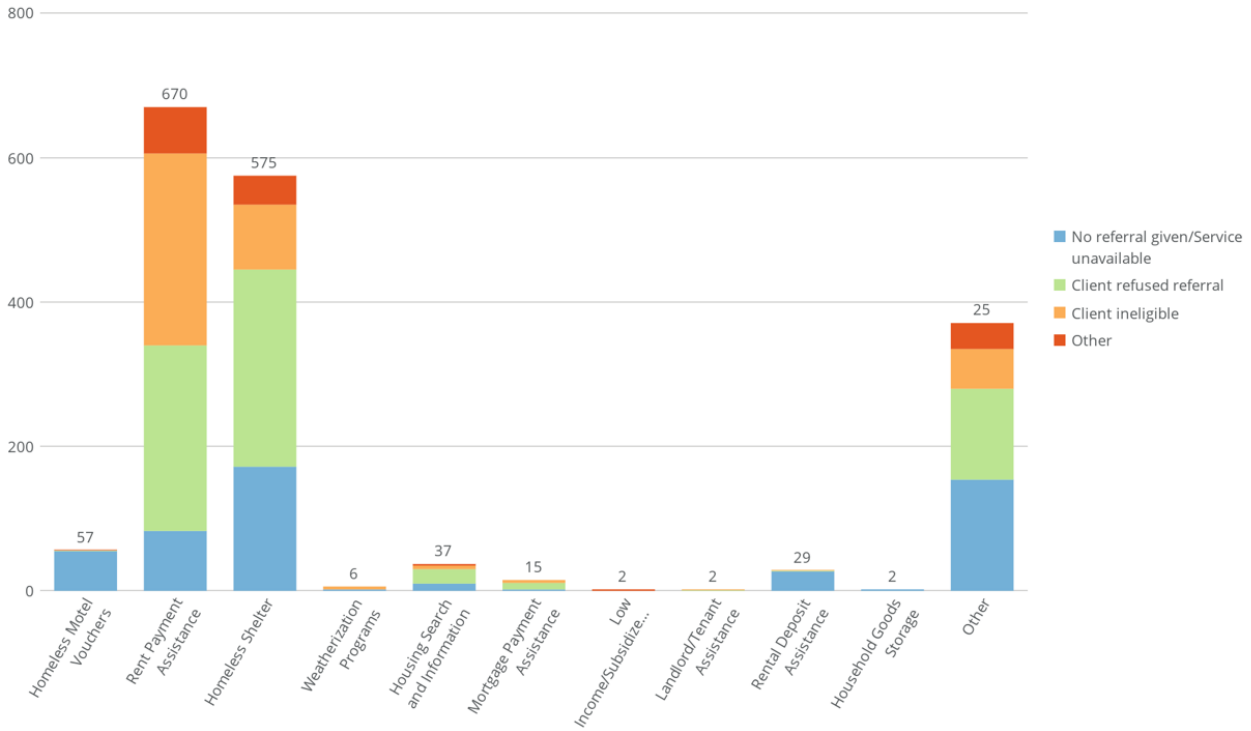

CLIENT COUNT BY WEEK

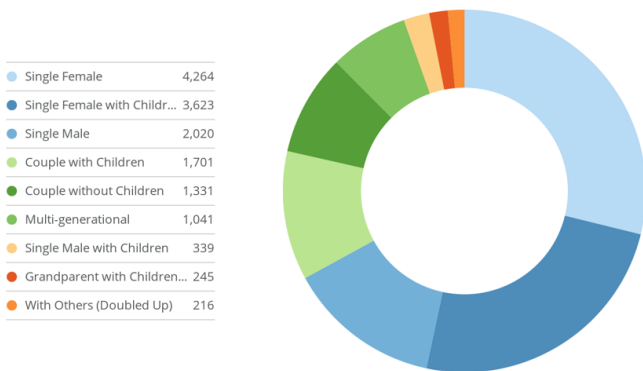

HOUSING NEED BY REFERRAL TYPE

UNMET HOUSING NEED BY REFERRAL TYPE

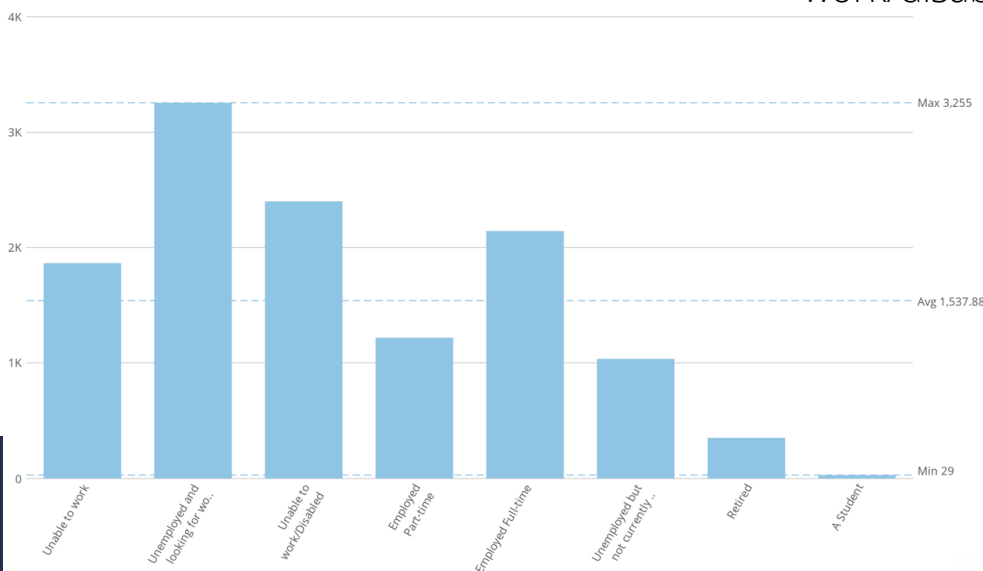

CLIENTS BY HOUSEHOLD COMPOSITION

Of those that responded, **single females** represent the highest household composition in need. This is consistent with pre-public health emergency data. **Unemployed and looking for work** is the highest reported employment status. This is not consistent with pre-public health emergency data where unable to work/disable was the primary reported status.
