## Common Threads that Bind Us

Greetings,

One of the privileges of supporting a network that spans the nonprofit, public, and private sectors is being able to see the same beautiful threads weave their way through the work of all of our members: threads of passion for individuals and communities, of collaboration, of hope for the future.

In a recent newsletter from Prosperity Indiana member [Near East Area Renewal \(NEAR\)](#), Executive Director John Franklin Hay wrote, "Without emerging relationships across cultural and socio-economic divides, suspicion and fear stifle hope. Reaching out to one another across the fence, the street, the divide is the most important aspect of community renewal." This resonated deeply with me as I think about the work that we accomplish together on every level: between individuals and neighbors, organizations across sectors, and legislators across aisles.

Even in times of uncertainty, the health and well-being of Hoosiers and Indiana's communities compel us to forge ahead to do what we can within our realms of influence. Creating episodes for our podcast "[Ways and Means](#)" has given me the opportunity to uncover the unique and creative ways that some of you, our members, are doing this. Be it
